

EYE am friendly.

Discover all the Hiru-friendly Apps

This selection of apps is designed to take full advantage of Hiru's native integration with both Windows and iPadOS. Certified by Apple's MFi Program and offering plug-and-play functionality on Windows, Hiru allows users to seamlessly access a wide range of apps through eye gaze. All app icons are clickable links to help you explore them further!

iPadOS & Windows friendly apps
All app icons are clickable links to the App Store and the text links to Google Play.
